# STEPHENS

# SESSION

Stephens Session is a chance for campers with different developmental needs to be accepted for who they are and celebrated for all they have to offer.

While at camp, we will focus on abilities rather than disabilities allowing all involved to see we are more alike than we are different.

## About Stephens Session

They have an opportunity to live in and with the broader camp community.

Each camper is provided their own trained summer staff member.

They have the opportunity to participate in every activity camp offers with special adaptations to meet the needs of the camper.

These campers have the ability to step away from activities if anything becomes overwhelming.
